SIR,

Adverting to Government Order No.G.17686-7 Mily.98-17-6 dated 25th June 18 passing orders on the Audit Notes on the accounts of the Government House at Mysore for the periods (1) July 1912 to January 1915 and (2) February 1915 to June 1916, I have the honour to forward herewith copies of the marginally noted communications from the Private Secretary to His Highness the Maharaja expressing his views in regard to fixing a money limit for local purchases and the grant of advances to the servants of the Government House on account of travelling allowance.

2. In regard to the first point, the Private Secretary states that the Superintendent of the Government House has been authorised by him to incur without previous sanction expenditure up to a limit of R.20 ordinarily and of R.30 on more important occasions for local purchases and that larger purchases would be paid for by him. He is also of opinion that an exhaustive list of articles purchased locally cannot be furnished. It seems enough if the orders of the Private Secretary for the purchase of local articles are recorded before the purchases are made in the case of large purchases and as

early as practicable after the purchases are made inthe case of those made by the Superintendent.

3. In regard to the second point, viz., advances to the employees of the Government House when they are obliged to remain outside head quarters for long periods on occasions of visits of important personages to the State, the Private Secretary may, as stated in his letter of 12-12-18, be permitted to grant to the employees at his discretion advances not exceeding two months' pay, which may be recovered from the travelling allowance due to them, the balance, if any, advanced in excess of the actual amount of travelling allowance due, being recovered in instalments of one-third of their pay.

I have the honor to be,

Sir,

Your most obedient servant,

Offg: Comptroller.

19.12.18

Letter No.382 dated 26-9-18 from the Private Secretary to H.H.the Maharaja of Mysore, Mysore to the Comptroller of Mysore, Bangalore.

With reference to the queries contained in your letter No. 8 LAD.4 dated 5/6th July last I have the honour to reply as follows:-

(1) Re Money limit on account of local purchases by servants of Government House.

In connection with ordinary entertainments in Government House, the Superintendent, Government House, has been authorized by me to incur expenditure without previous sanction to the extent of R.20/- on account of eggs, fruits, vegetables &c., purchased by him locally. During large entertainments on the occasion of Viceregal visit, Birthday and Dasara Festivities, I may extend this money limit to R.30/-.

As for tinned and other groceries when these are purchased on a large scale from firms in Bombay, Bangalore and Madras, the bills are paid by me or the Comptroller. Small quantities for emergent requirements, being obtained from the local shops by the Superintendent are paid for by him up to a limit not exceeding R.20/- and the rest by me.

A list of articles purchased locally is enclosed, but I do not see any use in adopting it as it is not possible to foresee what article will be out of stock at any time or may be required for an entertainment, the cost of which varies according to the status of the guest or guests invited, and the locality where it has to be arranged for. The bills on account of local purchases made by Superintendent are carefully scrutinized in my office. As the present practice is working satisfactorily it may be left undisturbed.

Query(2). Advance to servants of Government House on account of Travelling Allowance.

When Government House servants are deputed for duty in

in camps only for a short time, advances are paid to them only to the extent of the travelling allowance admissible to them under the Mysore Service Regulations. But when Shikar camps are got up in connection with the the visit of exalted personages to the State, Government House servants are obliged to remain outside the Head Quarters for two or three months at a stretch. It is not possible to follow the above rule then. As the daily allowance earned by the menial staff being very insignificant they are given advances far in excess of their earnings, to be recovered in easy monthly instalments. No hard and fast rule can be laid down fixing the limit of the advance payable to any particular servant of Government House in such cases. As Government have till now lost no money on account of advances paid to them, I may be allowed to use my discretion in the matter as heretofore.

With reference to your letter No.LAD.171 dated 29-11-18, requesting to be informed of my views in the matter of fixing the grant of advances to the servants of Government House on account of travelling allowance when they are obliged to remain outside Head Quarters on occasions of visits of Important Personages to the State, I have the honour to state that the maximum amounts which may be advanced to them may be fixed at two months pay to each employee which may be recovered from the Travelling Allowances due to them, the balance if any, advanced in excess of the actual amount of travelling allowance due, being recovered in instalments of one-third of their pay.
